H Series

Premium oils designed for high speed engines

H Series 40D

DIESEL powered
Exceeds M3277

A fully synthetic, Extra High Performance Diesel (XHPD) engine oil designed to meet the most severe performance requirements of the latest high output, low emission European Euro-2 and Euro-3 type diesel engines

Recommended usage

- Naturally aspirated and turbo-charged high speed, four-stroke diesel engines of European origin, including Euro-2 and the latest low emission Euro-3 type engines
- All Marine, Stationary and Automotive diesel engines where M3277 performance oils are specified
- Naturally aspirated and turbocharged high speed diesel engines of Japanese origin
- Commercial road transport in light, medium and heavy-duty service
- Off-highway vehicles

Product benefits

- ✓ Reduced maintenance costs
- ✓ Maximises engine life
- ✓ Ultra long oil drain intervals
- ✓ Low oil consumption
- ✓ Maximum power output
